If there's a randomness to
the graphics/ words, it's
not my fucking fault. I hit
my deadline> you're in the
weeds

The sound of a bell would
be the start of
something

If there is a way out of here we're hoping to get to it soon. The others don't have much to offer

the out of town carnival OO a roll of quarters will get it done OO

Essentially anything we write in here becomes the record of this whole thingOO...

I'm perfectly happy to share the last of the food with the fliesOO...

From this distance we can't really see what's going on.....

Essentially this whole operation is a disaster some of it can be salvaged//....

....
If one thing is connected to the other OO
What's at the beginning OO..

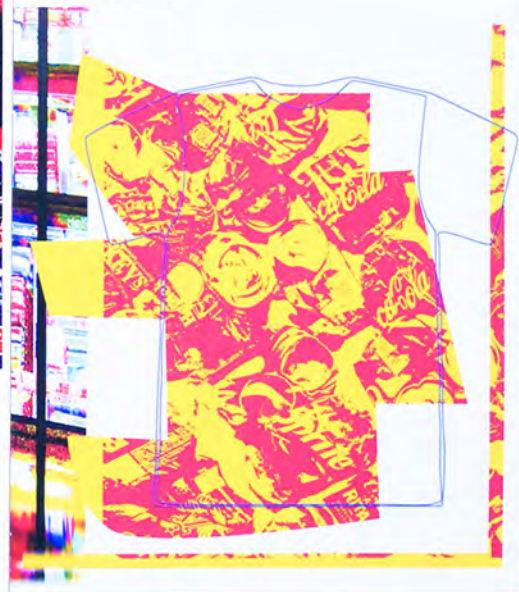

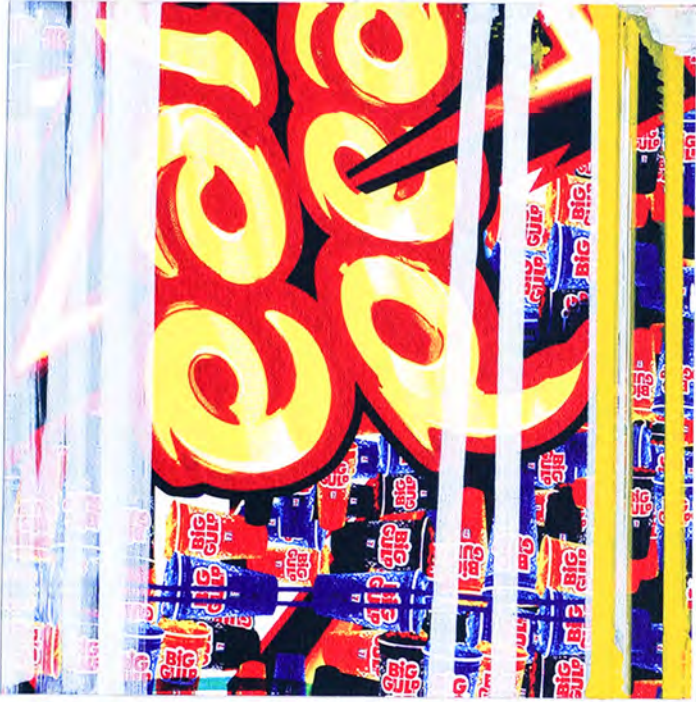

Proceed with cautionOO this place is littered with minesOO and barbwire

Replaying the... the
 one with the cry... and
 the nurse. Bollybox.
 dramatically, they were arab
 jew. Thief accused to view
 accused. Pretty much not
 more than that, but some
 good twists. Of course each
 one had the answer to why
 us, why this place. Regional
 politics I guess. It all sounded
 like UFO stuff to me. Way
 later, I guess some of this got
 out, some of the pictures.
 That's when my agent called
 with the Woody Allen movie.
